

British Car Council Member Club Representatives

An Update On The British Car Council Awards Program

The topic of expanding the British Car Council Awards Program was presented at the April 30, 2017 Annual General Meeting.

The initiative was introduced as a program called:

"British Car Council Order of British Car Enthusiasts"

The award would be a medal type of award (similar to an Olympic medal), to celebrate British car enthusiasm at the member club level.

The **British Car Council Order of British Car Enthusiasts** Awards Program is now ready for member clubs of the British Car Council.

One candidate from each British Car Council member club annually can be selected, by the member club, and the candidate will be awarded with an engraved, full colour insert emblem medal, surrounded by a custom gold-coloured ring, attached to a 3-colour ribbon.

Engraving on the back of the medal will identify the candidate's name, the candidate's club and the year of the award.

Please communicate this information to your club Executives and encourage them to name one of your club members as the recipient of this BCCI award for 2017.

Advise me of the recipient's name and I'll take care of getting the medal produced and sent to each member club for presentation in early 2018.

Please have your submission to me by December 17, 2017

Len Fortin

President

British Car Council

November 2017
